Mr Harman Khaira

Lead Partner, *Enterprise Data & and Digital Solutions*

With over 15 years of experience in strategic and technical delivery focused roles as an enterprise solutions architect, Harman has helped organisations in both public and private sectors to innovate and make the best use of the available technology. He specialises in technology advisory and digital transformation along with strategic planning and enterprise technology modernisation.

Ms Sarah Lauder

Director, *Enterprise Data & and Digital Solutions*

Sarah has over 25 years' experience in technical, analyst and management roles in data-driven projects across Australia for federal, state and local government agencies. Sarah has researched and contributed to the development of various data management methodologies aligned with the industry standard DAMA DMBOK2. Sarah is currently DAMA Canberra Branch Chair.

Mr Stuart Mildren

Director, *Enterprise Data & and Digital Solutions*

Stu brings over 23 years of experience in the IT industry, including 13 years in various government management roles and a decade in the private sector. He has extensive expertise in enterprise information management, data management, and data governance, with a proven track record for a range of clients across state and federal government as well as private enterprises.

Ms Athiette Reid

Director, *Enterprise Data & and Digital Solutions*

Athiette is a seasoned Solution Architect and Data Governance specialist with expertise in cloud development and data analysis. Her experience spans designing analytics solutions and managing data across multiple sectors, enhancing decision-making in government agencies through informed, data-driven insights.
